

Cancellation Policy

All treatments are by appointment only. Patients are scheduled by the therapist in advance depending on time and availability.

Patients are expected to arrive on time to all scheduled appointments. In instances where a patient is running late we recommend calling or texting to notify the therapist. The patient will be given the option to still be seen in the allowable remaining time with the understanding they are still responsible for full payment. A patient can also choose to cancel but will be charged the cancellation fee of \$75.

A fee of \$75 will be applied to non-emergency cancellations that occur with less than a 24 hour notice. This fee is due in full prior to any further scheduling.

I understand and agree I am accountable to the above financial and cancellation policy.
